

STRIKING PHOTOGRAPH OF SHRINERS TAKEN AT CONCLAVE IN LOS ANGELES

Intermountain News

To Observe Mothers' Day.

Special to The Tribune.
BRIGHAM CITY, May 11.—Mothers' day tomorrow will be observed in this city by special services in the tabernacle and Presbyterian church. In the tabernacle the following program will be given, to which an invitation has been extended to everyone: Singing, prayer, singing, sacrament, quartet: "Take Good Care of Mother," W. Venable Call and others; "My Mother's Influence," D. P. Woodland; paper, "Mother," Ida Young, iris, "We Ever Pray for Thee," Miss Connie Madsen and others; "Our Mothers," J. Francis Merrill; singing, benediction.

Girl Dies in Bingham.

Special to The Tribune.
BINGHAM, May 11.—Miss Beale Stubbs, 15 years of age, daughter of Mr. and Mrs. John Stubbs of Bingham, died at 8:30 o'clock this forenoon after an illness of three weeks. Personal services will be held at 3 o'clock tomorrow afternoon. Bishop W. B. Waters will officiate.

To Build Three New Schools.

Special to The Tribune.
PROVO, May 11.—Three modern schoolhouses are to be erected in the Lincoln school district, comprising Provo Bench, Lake View and Vineyard, this summer. Bids for the construction of the buildings were opened by the trustees today and the contracts awarded.

Snyder & Lovelace, contractors of Provo, secured the contract on the Vineyard house; Snyder & Toole, also of Provo, will build the Spencer school, and Alexander Brothers of this city were given the contract to build the Page school building. The three buildings will cost approximately \$22,000.

Box Elder Democrats.

Special to The Tribune.
BRIGHAM CITY, May 11.—The Democrats of Box Elder county will meet in mass convention in this city next Monday evening for the purpose of naming convention delegates to attend the state Democratic convention to be held in Salt Lake City May 14. The meeting will be held in the court room of the county court house.

DEMOCRATS REBEL; DENOUNCE S. J. RICH

Bingham County's Central Committee Repudiated; Delegates Are Chosen.

Special to The Tribune.
BLACKFOOT, Idaho, May 11.—The Democrats of Bingham county today repudiated the action of the Democratic county central committee in selecting delegates to the state convention and elected a contesting delegation. S. J. Rich was denounced in strong terms, and resolutions were passed favoring his removal as state committeeman at the earliest possible time.

The meeting was held pursuant to a call issued by several prominent Democrats and was presided over by W. A. Beakley, who stated the purpose of the meeting. The committee on resolutions, through its chairman, W. Orr Chapman, presented strong resolutions endorsing the record of the national house of representatives, deploring the action of the central committee in arrogating to itself the prerogatives of the party and condemning the records of the Democratic county commissioners in this county.

The introduction of the resolutions precipitated a fight. Col. W. Orr Chapman led the fight for their adoption and made a speech in their favor, in which he stated that the party in Bingham county could not afford to submit to "boss domination." Governor Hawley was strongly endorsed. Commissioner Bennett participated, voted, and made a defense of his record. Harvey Allred made a plea for harmony.

The following were elected delegates to the state convention at Coeur d'Alene: Hans W. Peterson, L. M. Capps, C. F. Moulden, W. Orr Chapman, W. C. Craig, Fred Nelson, J. C. Hurt, William Anthony, Marcus Blenkle, Jacob Gushwa, W. A. Beakley, G. L. Bradley.

Regret was expressed at the attempt of S. J. Rich to inject the anti-Dubois fight into the situation.

CACHE DEMOCRATS CONVENE.

Select Delegates to State Conclave; Wilson and Clark Favored.

Special to The Tribune.
LOGAN, May 11.—The Democrats of Cache county held a convention here this afternoon and evening and elected thirty-five delegates to the state convention, which will be held in Salt Lake City next Wednesday. There was a good attendance. State Senator J. W. Funk presiding and F. J. Marshall acting as secretary. The delegates were instructed to demand the election of Joseph E. Carson as one of the delegates to the national convention at Baltimore.

The delegates are Peter O. Hansen of Avon, Paradise; Thomas Griffith of Clarkston; C. F. Olson, O. H. Anderson and David Crookston of Hyrum; Peter M. Maughan, E. R. Owen and now, Murray of Wallville; A. J. Merrill, J. J. Plowman and A. R. Chambers of Smithfield; George G. Hendricks, James I. Shepard and Bill Wells of Richmond; H. C. Herrington of Millville; Paul Cardon of Benson; J. P. Griffin, George W. Skidmore, J. Worley, William Evans, J. H. Blair, William Edwards, Edward Hansen, Peter C. Nelson, J. J. Marshall, John Broberg, N. W. Crookston and Thomas G. Lowe of Logan; J. W. Funk, H. G. Hayball, Joseph E. Cardon, Edward Peterson, John H. Wilson, E. W. Hendricks, John H. Barker, Heiler C. Maughan, Anthony Anderson, John E. Griffin and Hyrum Blair were chosen from the county at large.

In the convention nothing was said regarding the presidential candidates, although in private conversation the men talked of Wilson and Clark, apparently a majority of them favoring Wilson.

Sick headache results from a disordered condition of the stomach, and can be cured by the use of Chamberlain's Stomach and Liver Tablets. Try it. For sale by all dealers.

SENTIMENT FOR WILSON.

Sanpete County Delegation, However, Is Uninstructed.

Special to The Tribune.
MOUNT PLEASANT, May 11.—The following delegates have been elected by the various precincts in Sanpete county to attend the Democratic state convention to be held at Salt Lake City on May 14: L. P. Nelson, Ferdinand Erickson, H. Le Roy Nelson, George Christensen, Peter A. Larsen and G. P. Bohrer, Mount Pleasant; Joseph Judd, L. P. Becker, Andrew O. Anderson and Fred Keller, Mantle, M. P. Murray, F. Y. Jensen, Andrew Olsen and P. C. Anderson, Ephraim; Edward Johnson, Niels Christensen and John Franklin, Arvoni; Peter Sundvall, Sr., and Heber Olsen, Fairview; John R. Blain and Hans Nielsen, Spring City; Jacob A. Tuft and Andrew C. Fjeldsted, Centerville; M. D. Beaupard and John M. Knighton, Glenwood; F. R. Lamb, Walter, John Thompson, Sterling; John James, Fayette; Thomas House-

keeper, Milburn; Hyrum Seely, Indianola; Niels Hansen, Fountain Green.

A great deal of interest is taken by the Democrats of this county this year, as they carried part of their ticket two years ago, and at the last fall city elections they made heavy gains in most of the precincts in the county. A full delegation from Sanpete county will go to the convention, also a number of the delegates to the national convention at Baltimore. The delegates will go to the state convention uninstructed, but the sentiment seems to be for Governor Wilson.

Accused of Fleecing Partner.

Special to The Tribune.
EUREKA, May 11.—A complaint was sworn to before Judge D. A. Lindsay in the Eureka precinct court by John P. O'Brien, charging James Herdman with embezzlement. Herdman and O'Brien were partners. Getting their pay yesterday they proceeded to have a good time. Herdman persuaded O'Brien, who was a little the worse for drink, to hand him over his

moner, saying that he would take good care of it. He put the money, \$10, into the hands of a local saloon keeper and took a receipt for it.

It is charged that late last night Herdman turned back his receipt, took the money and this morning left for Salt Lake. Sheriff Hendrick has communicated with the authorities there and in all probability Herdman will be arrested today and brought back for arraignment on Monday morning.

Pass New Liquor Law.

Special to The Tribune.
BRIGHAM CITY, May 11.—During the week the city council passed an ordinance prohibiting the sale and disposition of intoxicating liquors within Brigham City. The ordinance was passed in accordance with the recent decision of the supreme court. In passing upon the ordinance the council repealed all other laws on this subject in the city ordinances. The new ordinance will be effective next Tuesday.

Says Room Was Robbed.

Anderson Hillberg, 529 West South street, reported to the police last night that his room had been entered and \$22 taken during his absence early in the evening. Hillberg says called at the house twice the afternoon and made inquiries. A description of the money is in the hands of the police.

Caught With Plunder.

Caught as he was running from store on South State street with pairs of shoes under his coat, O. Williams was arrested by Patrol Griffiths last night and charged with petty larceny.

TRIBUNE WANT ADS FULL.

One Great Six-Cylinder Success

MORE than half of the attempts of American makers to produce six-cylinder cars have failed.

¶ We have a list of 32 makers whose sixes went wrong and dropped from the market.

¶ Among these 32 makers are companies of good reputation, concerns that are still in business and prospering—but, with a single exception, they have all abandoned the six as a bad job.

¶ One maker, whose fame is international, tells us that the worst mistake he ever made was his attempt to build a six.

One Great Six Success.

¶ On the other hand, the greatest success in the long history of the Winton Company (dating from the first bona fide sale of an American-made motor car, March 24, 1898), is the direct result of producing the six-cylinder Winton Six.

¶ Here you have a contrast of 32 failures to one success—and this success has been so tremendous that practically the whole industry (barring those concerns included in the 32 failures) is now preparing to make sixes for the 1912 market.

¶ Winton Six success has proved that the six-cylinder car can be superior to all other types.

Success Not Easily Grasped.

¶ And these 32 failures go to prove emphatically that success in making sixes is not within the grasp of every maker who tries.

¶ You will find the truth echoed in current six-cylinder advertising. Makers are taking particular pains to inform you how many years they have been experimenting with sixes, and how exhaustively they have been testing their sixes, before deciding to market sixes. Could anything more conclusively show that six-cylinder success is elusive and hard to capture?

¶ Makers changed from two-cylinder to four-cylinder models over night, almost, and were as successful with the four as with the two. That was because the propositions were much the same.

Six Is a Different Proposition.

¶ But in the six-cylinder car the propositions are radically different. The six is distinctive and peculiar, involving engineering and manufacturing problems that are not met in four-cylinder manufacture. ¶ And these peculiar problems must be met, and solved, and mastered before it is

WINTON SIX

possible for a maker to produce a six-cylinder car possessing that unity, balance, and matchless beauty of performance without which the six-cylinder car would have no reason for existence.

When the Six Is Best.

¶ It amounts to just this: When a six-cylinder car is designed and built right, it is the greatest car in the world. But if it lacks, it is pitiable.

¶ The six-cylinder car was not a new idea when the Winton Company took it up. Other makers had endeavored to make sixes, but not one of them, the world over, thought well enough of the six to advocate it as the best of all types and to abandon four-cylinder cars in favor of the six.

¶ The Winton Company was the first company in the world to recognize Six Supremacy by discarding all other types and devoting its entire resources to the development and manufacture of sixes exclusively.

Solving Six Problems.

¶ It was this policy of not trying to serve two masters, but of centering attention, thought, and action upon sixes to the exclusion of all else, that served to teach us the solution of six-cylinder problems, and to bring the Winton Six to such early perfection that this car has not required a single radical change since its introduction to the public in June, 1907.

¶ The Winton Six—the car that converted the industry to six cylinders—long ago ceased to be an experiment.

Individual Service the Only Test.

¶ The Winton Six has withstood the most strenuous tests of service in the hands of individual owners. And, after all, individual service is the only real test of a car's worth.

¶ Tests made by factory experts are commendable, and would be sufficient if all car owners were as skillful as factory experts. Hence it amounts to a maximum among car makers that a new model is never an approved success until it has been given at least a year's work in the hands of individual owners.

¶ The Winton Six has had, not simply one year's test, but four continuous years of testing in the hands alike of expert chauffeurs and of inexperienced owners, and has won the unqualified approval of both.

World's Lowest Expense Record.

¶ In the service of individual owners, the Winton Six has year after year established the world's lowest repair expense record. Today that record stands at 43 cents per 1000 miles—a record based on the sworn reports of individual owners whose names, addresses, and performance reports we shall be glad to send to any address upon request.

¶ In every feature that makes the six-cylinder car at its best the one ideal car, the Winton Six is an approved success. When you buy a Winton Six, you escape all the unpleasant possibilities that go with experimental cars, and are assured of a quantity and quality of car service that will make you more enthusiastic about motoring than you have ever been before.

More Car for 1912.

Our aim has always been to give the purchaser the greatest possible value for his money. Hence for 1912 we are offering more car than before at no increase in price. The wheel base has been lengthened to 130 inches, and the body is more spacious and comfortable than ever. Four doors, with operating levers inside, are regular equipment. So, too, are electric dash and tail lights, and Bosch independent Rims. Tires are 36x44, all around. As in previous years, the Winton Six motor cranks itself.

The price remains unchanged at \$3000. And the complete car, from radiator to gas line tank, is an absolutely safe and satisfactory purchase.

Call or phone for demonstration

The Winton Motor Car Co.

S.S.S. HEALS SORES AND ULCERS

S.S.S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the place is bound to heal because the impurities and morbid matters which have been the means of keeping the ulcer open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they can only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive corpuscle in the blood is weakened or infected, they cannot nourish the fibrous tissue around the place, but instead they constantly discharge into the flesh around the sore a quantity of impure, germ-laden matter which gradually eats into the surrounding healthy tissue and causes the ulcer to enlarge. Since impure blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S.S.S. has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity from the blood. While curing the sore or ulcer S.S.S. brings about a healthy condition of the flesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice free to all who write.
